#### • PROGRAMS / PROJECTS

- Served as Program Manager for Exercise Related Construction (ERC) and managed over 26 active ERC projects successfully growing the program from \$14 million in 2016 to \$28 million in 2019.
- As Security Cooperation Construction Coordinator managed a portfolio of 75+ projects valued over \$83 million throughout the South Pacific which included the Philippines, Thailand, Mariana Islands, Palau, Micronesia, Marshall Islands, Timor Leste, Papua New Guinea, Wake Island, and Okinawa.
- Served as Project Manager for an aircraft parking ramp extension responsible for the placement of 19,000 square feet (sf) of aluminum matting and associated security upgrades while deployed to Iraq.
- Planned, coordinated, and supervised the construction projects in three forward operating bases in Afghanistan that were vital for the security, preservation, and winterization of the facilities.

#### • TIME / RESOURCES MANAGEMENT

- Coordinated and managed security, logistics, ground/air transportation, lodging, schedules and events for 26 business trips worldwide totaling over \$60K as Aide de Camp for the Commanding General.
- Served as Operations Manager responsible for 135 tractor-trailers, 20 lowboys, 11 refuelers, two wreckers and the movement of personnel, equipment, and gear throughout Kuwait and Iraq.
- Implemented a convoy tracking system and managed the tasking of requests for engineering, transportation, supply, medical, and dental support throughout Kuwait and Iraq.

#### • LEADING PEOPLE AND TEAMS

- Coordinated engineering initiatives with Indo-Pacific Command J37 and J45 Exercise and Security Cooperation Divisions, Security Cooperation Office Chiefs, Naval Facilities Engineering Command, U.S. Army Corps of Engineers, Service Components, and foreign partners and allies.
- Served as Director of Engineering and managed 110 personnel encompassing four departments with specializations in vertical and horizontal construction, heavy equipment, utilities, and explosive ordnance disposal.
- Supervised and led active duty personnel and civilian employees while managing the infrastructure, maintenance and minor construction of 60 buildings, four miles of paved base roads, and 26 miles of unimproved U.S. Forest Service roads and grounds with a \$500,000 annual budget.
